

## RUMOR THAT COURT WILL REVERSE LONG

Unconfirmed Report That the  
\$30,000 Fine Against South-  
ern Will Be Reversed.

## FREIGHT RATES TOO HIGH

Corporation Commission Di-  
rects That Cases Be Brought  
Against Three Railroads.

[Special to The Times-Dispatch.]  
RALEIGH, N. C., October 21.—A rum-  
or was afloat to-day that the Su-  
preme Court of the State would decide  
adversely to Judge Long, of the Su-  
preme Court, in the matter of the \$30,000  
fine he imposed last July upon the  
Southern Railway for violating the  
new State law as to the passenger  
rate. How this rumor got abroad is  
not known. Of course, the justices of  
the Supreme Court could not be ques-  
tioned about such a thing. A decision  
in the case has been looked for any  
time during the past two weeks. Wed-  
nesday is opinion day, and everything  
will be watched with very keen in-  
terest.

Governor Glenn said this evening  
that the final conference with the  
State's attorneys in the Southern Rail-  
way rate case will not be held to-mor-  
row evening, as expected, but is de-  
ferred somewhat indefinitely. Ex-Gov-  
ernor Aycock, one of the leading coun-  
sels, is called out of the State. The  
Governor hopes the conference may be  
held next week.

### Proceed Against the Roads.

The Corporation Commission to-day  
announced the result of its investi-  
gations into the interstate freight  
rates from the West to North Carolina  
points, the result being an order  
that a case be brought against the  
Norfolk and Western Railway, the Big  
Four Railway and the Louisville and  
Nashville Railway for the correction  
of such rates to Winston-Salem and  
Durham. The investigation by the  
commission began with the Norfolk  
and Western and these points because  
that road was the only one which  
reaches these points on its own rails  
from Cincinnati, and its route from  
that city is the shortest. The investi-  
gation is continued as to other rates  
and other roads. The commission  
finds the rates from the West to  
Winston-Salem and Durham unreason-  
ably and unjustly high, discriminatory  
and unlawful, and that this results  
partly from the fact that the Norfolk  
and Western treats Winston-Salem  
and Durham branches as independent  
roads, whereas the tariff of rates  
should be made on a basis of a contin-  
uous haul.

The rate from Chicago to Roanoke,  
Va., is 72 cents per ton, and the  
Norfolk and Western adds the local  
rate—51 cents—from Roanoke to Win-  
ston-Salem. The commission concludes  
that the rate from the West to Win-  
ston-Salem and Durham should be the  
same as to Roanoke. Lynchburg and  
other Virginia points, and that the  
contention made by the Norfolk and  
Western that its rates to Virginia  
points are unreasonably low cannot be  
sustained, in view of the heavy earn-  
ings of the road. These earnings were  
shown by the last annual report to be  
\$11,525,594—a sum sufficient to pay  
the interest, dividends, for work and  
supplies, and leaving a surplus of  
\$4,478,660. The principal part of these  
earnings accrued from the low rates  
to Virginia points.

### Courts at Work.

A three weeks' term of the Superior  
Court here began to-day. Judge Long  
presiding. There are several divorce  
suits and an unusually large number  
of suits against railroads. One case  
on the docket against the Seaboard Air  
Line for the death of Engineer Max-  
well between here and Hamlet was  
compromised, and so will not be tried.  
Another came from this county is pe-  
culiar, this being one in which a  
woman sues her brother-in-law for buy-  
ing her husband's farm from him  
while he was drunk. She desires the  
sale set aside on the ground of fraud.  
A term of the Federal court at  
Washington begins to-morrow. There  
are only four cases on the docket  
there.

At the term of the court at Eliza-  
beth City there was only one case. An  
official remarked to-day that these  
courts were farces.

The Assistant Attorney-General had  
a talk with the Treasury Department  
people to-day regarding a washing ma-  
chine company which is selling rights in  
this State all the way from \$125 to  
\$5,000. The company pays no tax and  
is said to be coining money.  
Charters are granted the Settles Lum-  
ber Company, of Concord, capital stock  
\$50,000, and the Woodside Furniture  
Company, also \$50,000.

### TARHEEL TO SUSPEND.

All Indebtedness Will Be Paid and the Out-  
fit Be Sold.

[Special to The Times-Dispatch.]  
GREENSBORO, N. C., October 21.—The  
stockholders of the Tarheel, the semi-weekly  
Republican paper started here last year by  
Congressman Blackburn's faction of the  
party to fight the Bolling-Butler-Adams  
faction, which launched the Industrial  
News, agreed here to-day to suspend pub-  
lication, pay off all indebtedness and sell  
the outfit at auction November 24.  
John B. Crouch, editor and business  
manager, has been tendered a position on

### RIGHT FOOT CRUSHED.

Serious Accident to Motorman While  
Trying to Board Car.

WINSTON-SALEM, N. C., October 21.—  
Henry Groner, street car motorman,  
lost part of his right foot to-day. In  
his attempt to board a moving car he  
lost his balance and fell, two wheels  
passing over his foot.

The North Carolina Conference of  
the colored M. E. Church adjourned  
to-night to meet next year in Charlotte.  
There were a number of changes in  
appointments.

### TO HUNT CAROLINA BEARS.

President Later Will Track Bruin in Sap-  
phire County.

ASHEVILLE, N. C., October 20.—J. L.  
Alexander, who asked the President to be  
his guest at Toxaway Inn, in the Sapphire  
County and go on a bear hunt in the Blue  
Ridge Mountains, has received an acceptance  
from the President. The date will be  
set later.

A party of well-known sportsmen will ac-  
company the President. One of the guides  
probably will be "Dolph" Wilson, son of  
old "Big Tom" Wilson, the famous trapper,  
who has 119 bears to his credit. "Dolph"  
Wilson has killed ninety bears.

Judge J. C. Pritchard, of the United States  
Circuit Court, is likely to be a member of  
the President's party.

### BURGlar IS CONVICTED.

Staunton Negro Is Given Eighteen  
Months Imprisonment.

STAUNTON, VA., October 21.—Lewis  
Carter, a young negro, pleaded guilty in  
the Corporation Court to-day to two  
indictments, one for housebreaking and  
burglary, and one for robbing a prison-  
er. He was sentenced to hard labor  
on the public roads for eighteen months  
on each charge.

To Penitentiary for Housebreaking.

STAUNTON, VA., October 21.—In the  
Corporation Court this morning Lewis Car-  
ter, a negro, was given eighteen months in  
the penitentiary for housebreaking and  
eighteen months for stealing from a fellow-  
prisoner.

Ellie Adams and Lizzie Williams, negro  
women, were put in jail here yesterday,  
charged with setting fire to barns belonging  
to Misses Emma and Nannie Gillespie and  
L. P. and P. M. McGlamary, near Parnassus,  
October 11th.

## HARRIMAN BEATEN IN FIGHT TO RULE

Mr. Fish Controls Illinois Cen-  
tral Situation and Permits  
Adjournment.

## OVERTURES FROM HARRIMAN

Unless Railway Dictator Can  
Dissolve Injunction He Will  
Lose Struggle.

CHICAGO, ILL., October 21.—Stuy-  
vesant Fish early to-day secured a  
stockholders' meeting until December  
postponement of the Illinois Central  
18th. The Harriman people agreed to  
the adjournment, although they had  
previously been anxious to push mat-  
ters as rapidly as possible.

The decision to adjourn the meeting  
was the result of a conference held  
at 3 o'clock this morning between  
William Nelson Cromwell for Mr. Har-  
riman and former Judge E. H. Farrar  
for Mr. Fish. The overtures came  
from Mr. Cromwell, who sought out  
the Fish people and declared that  
he wished to come to some sort of an  
agreement.

He was informed by Mr. Farrar that  
the only agreement that was broached  
was to accept the terms of Mr. Fish,  
which would be the adjournment of  
the meeting until December 18th, and  
a decision of court, if the Harriman  
people so desired, to determine the  
right to vote the 286,731 shares of  
stock against which a temporary in-  
junction was issued by Judge Ball a  
week ago. After an extended confer-  
ence Mr. Cromwell assented.

Although none of those directly  
interested would give specific figures  
at the meeting of the stockholders,  
it was evident that Mr. Harriman was  
beaten unless he could bring into  
the contest some portion of the 286,731  
shares against which Judge Ball issued  
the injunction.

Mr. Fish this morning declined to  
discuss the situation, but was ap-  
parently highly pleased at the terms  
of the agreement.

### MAN WITH BURGLAR TOOLS ALSO HAD OFFICE DRAWINGS

[Special to The Times-Dispatch.]  
NORFOLK, VA., October 21.—Edward  
Mittelstadt, the young German arrested  
yesterday by the police, was given a  
hearing in the Police Court to-day. It  
was brought out to-day that in addi-  
tion to the burglar's tools and glycerine  
found in his possession, he also had  
drawings of many hotel offices  
showing the location of safes. His case  
was continued till October 24th.

### THE BAPTISTS OF NORFOLK FORM CITY MISSION BOARD

NORFOLK, VA., October 21.—Rep-  
resentatives of all Baptist churches in  
Norfolk, Portsmouth and vicinity met  
in the Freemason Street Church to-  
night and organized a city mission  
board and church extension society.  
The object of the society is to en-  
gage in local mission work and to al-  
leviate churches.

### The Clifford N. Carver Aground.

WILMINGTON, N. C., October 21.—  
The schooner Clifford N. Carver went  
ashore last night about forty miles  
below here and is still hard aground,  
although there is expected to get her off  
at high tide to-night.

### Storage House Burned.

URBANA, VA., October 21.—L. B. Nan-  
geren suffered a loss of about \$500 last  
night by the burning of a small storage  
house in which were stored a lot of pic-  
nics, barrels and gasoline tanks. The fire is  
thought to have been of incendiary origin.

### Virginia Couple Wed in Baltimore.

[Special to The Times-Dispatch.]  
BALTIMORE, MD., October 21.—A li-  
cense was issued here to-day for the  
marriage of Mr. Richard Truitt, forty-  
years old, a widower, of Middlesex  
county, Va., and Mrs. Annie E. Faber,  
thirty-two years old, a widow.

### "WOODLAND."

With all of the spectacular features  
that marked its first production here,  
"Woodland" was presented at the Acad-  
emy last night, but there was lacking  
the element of novelty, and the fast-  
cleverness which is the result of in-  
dividual effort. As a series of pretty  
stage pictures the production compares  
favorably with the original, but only  
in this one respect, and those of the  
large audience—which filled every seat  
in the house—who witnessed the first  
presentation here of this fantastic com-  
position, must have been a little dis-  
appointed. There were two features  
of the first production, very clever and  
not striking enough to be fasten-  
ed themselves upon the memory, and  
both of these were lacking in the per-  
formance last night. One was the ex-  
cellent comedy work of the Player who  
was cast as Poll Parrot, a character  
which carried much of the comedy of  
the piece, as well as the plot, and the  
is not even in the cast of characters  
as printed on the program last night,  
and the second feature was the fast-  
moving and equally as cleverly staged  
original production, stood out as one  
of the most prominent in the cast.

The other feature, which may be  
said to be omitted, though on the  
program in the "Cold Bottle and the  
Hot Bird." The reckless and aban-  
doned character characterized the work  
of the original team, which suggested  
considerably more than one bottle, is  
not even in the cast of characters  
as printed on the program last night,  
and the second feature was the fast-  
moving and equally as cleverly staged  
original production, stood out as one  
of the most prominent in the cast.

Except that it was a pleasing specta-  
cle, and that the music sounded as  
tuneless as ever, there is very little  
to say of the production. It no doubt  
pleased a great many in the audience,  
but it is equally as certain that it is  
disappointing to all who witnessed  
the original production here, and who  
they are on the stage during the great-  
er part of the action of the piece.

The cast is a long one, "mostly  
child" to use the phrase of the bill-  
boards in describing the make-up of  
musical comedies. There are three acts  
with some half a dozen musical num-  
bers in each. A large part is also a  
feature of the production, so there is  
no lack of music. A railroad station,  
the dock at Washington and the main  
street of Dawson City showing the  
Frozen Dry saloon and dance hall, af-  
ford ample variety in the way of scenes.  
The last scene is also rather of the  
ordinary. The far-away Klondike of-  
fers many opportunities for novel ef-  
fects, especially in the way of cost-  
umes, and these are made the most of  
by the company.

"He, Him and I" judging from its  
recent success, is going to do top  
notch business all the week.

The Three of Us.

Though located in a Nevada mining  
camp, the play of "The Three of Us"  
is entirely speaking not of it as most  
of the characters are Eastern men and  
women called there upon mining busi-  
ness; hence the Western dialect type

### The Lightning Conductor.

Oscar Tognan will appear in this  
city on Thursday in "The Lightning  
Conductor," a play in which wit  
abounds and rollicksome fun runs riot.  
The story deals strongly with the  
strange adventures of a motor car and  
from this fact alone many automobile  
clubs are attending the play in a body,  
and many a laugh they have as they  
watch the trials and tribulations of  
the chauffeur and his antiquated motor  
car.

### Skating Rink Notes.

Devotees of roller skating in Richmond  
and vicinity will be happy to learn that  
the task of relaying the big floor in the Horae  
Show Building or Skating Rink was started  
yesterday, and it is expected that within a  
week or so the immense skating surface will  
be in condition for skating again.
